Cesar comes back to Spain for a friends reunion after spending a year as an expat abroad. His friends have moved on without him and his fears of detachment become very present as Julio is constantly reminding him of what he has missed. But has he? Or moving on is accepting that we can't be everywhere at the same time? A 10 minute one tells the story about those who leave their hometown in the search of something better.

## FEATURE FILM PLANS

- Currently writing a feature film to be shot in 2019, in collaboration with major production company.
- Feature Script "HEDY", about Hedy Lamarr's valuable contributions to technology and film.

I understand set protocol and each department's needs, since I've worked as **1st Assistant Director** in over 7 productions and commercials; and **DP, camera crew** or **gaffer** in more than 20, including the feature films. I also take on **editing** projects, **color correction** and minor **vfx** and **motion graphics**.
